DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on April 7, 2006 has been entered.

Allowable Subject Matter

Claims 1, 3-7, 17 and 18 are allowed.

The following is an examiner's statement of reasons for allowance: The applicant has amended the application so that the claims overcome the prior art. The prior art fails to show or teach a transparent support disposed within a backlight chamber, including a retaining portion and a supporting plate that abut the diffuser, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lee (US Patent 6,902,300), Chen et al. (US Publication 2006/0034090), Lui et al. (US Patent 2006/0023472) all teach a reflecting plate, a plurality of light sources, and a retaining portion abutting the diffuser. Bourdelais et al. teaches a diffusion film with a supporting plate and retaining portions.
